Ready for a multiple vehicle discount?

As niche insurance specialists, we also offer the very best insurance policies for European, Project & Performance, Classic, Vintage and Motorsport vehicles, as well as Motorhomes, Caravans and Fifth wheelers. A lot of our customers love our approach, policies and service, so they insure more than one of their vehicles with us. In return, they receive a multiple vehicle discount. Talk to us about protecting multiple vehicles.

Policy coming up for renewal?

Ask yourself:

- Has my motorcycle's value decreased?
- Have I modified my motorcycle or removed any modifications?
- Is my motorcycle now just a weekend rider?
- Have my speeding demerit points been removed?
- Would I rather have a higher excess in exchange for a lower premium?
- Have I had any other significant changes in the past 12-months?
- Am I with the right insurance provider?

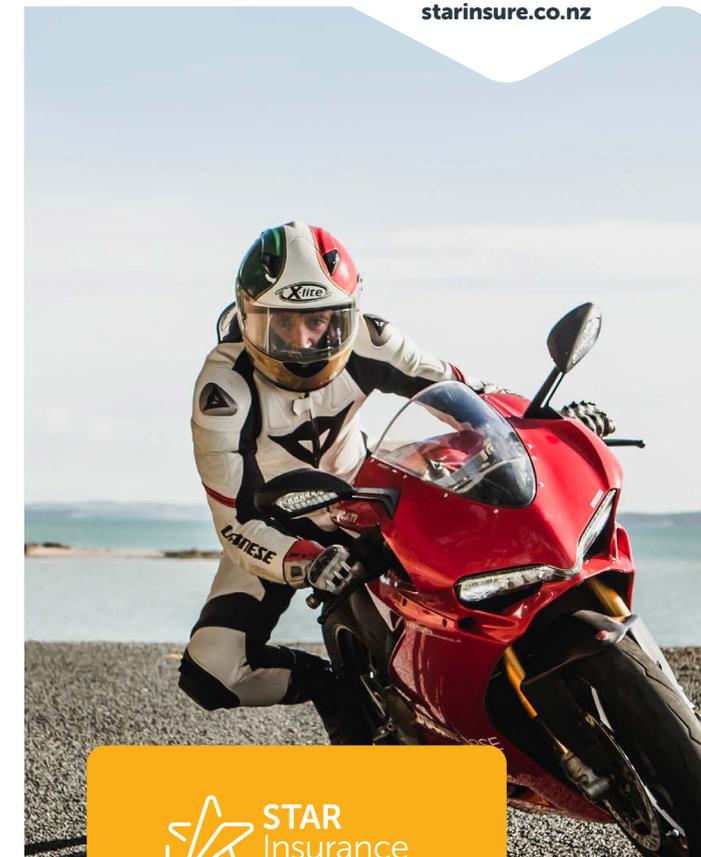

Being upfront is a good policy and protects your future interests.

01. Revolutionary motorcycle insurance.

The home of highly tuned motorcycle insurance policies.

Star Motorcycle has been highly tuning custom insurance policies for bike owners since 1989. Back then, nothing like this existed, until our founder and early pioneer of personal Insurance, John Baker, was asked why it was so hard to get motorcycle insurance.

John researched the market and saw what others didn't. Motorcycles had become lifestyle, aspirational vehicles and fun toys. With an entrepreneurial spirit (which is alive and well today) John created Star Motorcycle. In the process, he reduced motorcycle insurance premiums by approximately 65%. We were soon insuring all the motorcycle clubs and insurance brokers started buying our policies for their clients too.

Today we operate in the wholesale and retail markets (with the same base premium to the policy owner). We have a solid relationship with the majority of independent insurance brokers who distribute all our products and offer an extra level of support to our customers. (If you use a broker and they've not recommended Star Insurance, ask them why not.)

Wherever our customers come from, we always focus on serving their best interests 24/7/365. Ride with the people who revolutionised motorcycle insurance. Others try to imitate, but they'll never beat the original.

02. Revolutionary motorcycle insurance.

We handle everything in-house, in record time.

This means you only deal with decision makers in one company for everything from quotes to claims. This reduces time and stress, especially at claims time with our specialist motorcycle trained assessors. We're definitely not a corporate, "me too" business. We go way beyond ticking boxes to offer a personalised and customised process to ensure the right fit for your needs. We're judged every day on our ability to provide the best Cover, Price, Support and Claims. And that's exactly what we do.

03. Revolutionary motorcycle insurance.

Premium motorcycle policies without the excessive premiums.

Our insurance policies provide the best care and protection for bikes and gear at the best price. We insure everything from quads to classic, show, collectables, off-road, racers, cruisers, sports, custom, restorers, scooters, touring, heavily modified and more.

Not just annual policies.

Buying and paying your insurance premium once a year is not always convenient. Which is why we provide monthly insurance policies in addition to the industry standard of annual policies. Plus, if you choose to pay for your policy using a credit card, we won't charge any additional credit card surcharge fees. Whatever policy type you choose and whichever way you pay, you're fully covered from day one.

Flexible pricing.

We're flexible in our pricing approaches too. For example, if you want a lower insurance premium, choose a higher base excess. This is a good option if you think having an accident or experiencing theft is a low risk.

Reduce your excess by 50% with a Ride Forever course.

Ride Forever is a great NZTA-accredited national training initiative from ACC. It helps riders to stay safe and make better choices on the roads. Over 16,000 riders have completed Ride Forever courses resulting in a 27% reduction in crashes and the associated medical costs reducing by 45%. We're so confident in the additional skills you'll learn from Ride Forever, that if you take one of their courses and you subsequently need to make a claim for accident damage in the following 12-months, your excess will be halved.
