

MAKE YOUR MARQUE ON THE TRACK

CONCENTRATE ON THE TRACK, NOT YOUR INSURANCE

At Star Insurance Specialists we only insure prestigious and unique marque vehicles. So we know that passionate, luxury and exotic car owners have special needs.

Participating in Driver Training and Track Day meets is just one example. Exploring the limits of your pride and joy in an exhilarating, but controlled, environment is almost as good as it gets. Which is why we want you to concentrate on the track, and not your insurance.

As a Star Insurance Specialists customer, drivers can apply for an extended policy to attend events on closed circuits with little, if any, impact on their policy. Simply check our criteria (on the right) and call us before signing up for training and track days.

Most insurance policyholders don't have access to insurance for motorsport activities, but they're not with Star Insurance Specialists.

DRIVER TRAINING:

- Professional 'on the race track' driver training provides basic handling skills for everyday road use and is a pre-requisite should you wish to progress onto Track Day Events
- Preferred Driver Training providers: Tracktime/Mike Eady, Downforce, Porsche Club
- Subject to prior application and approval from Star Insurance Specialists.

TRACK DAY EVENTS:

- Must have completed Driver Training within previous 12 months
- Events held at Motorsport parks around NZ by leading track event organisers at locations such as Hampton Downs , Pukekohe, Manfield, Ruapuna, Highlands etc
- Excludes racing, drifting, competition, timing, 'privately organised events' etc
- Subject to prior application and approval from Star Insurance Specialists.

Other Professionally organised Events/Tours;

Targa Tour subject to individual/personalised terms.
