Our Products

We want to shine for you every day.

With years worth of niche insurance experience our team of specialists know everything about insuring RVs, Motorcycles, Prestige, Classic and European cars.

We come to work each day to protect our customers' wealth and look after our special relationships. Maybe that sounds a bit different, because we don't sell investments, life insurance or wealth protection policies. Well yes, we are different, but when you think about it, it's the reason why the insurance industry exists.

We believe in the strength of good old-fashioned relationships and want our customers to have the best insurance at the best possible price, whilst reducing stress and minimising financial risk.

We're real people like you, and we know dealing with insurance can sometimes be stressful. But we work like nothing's a problem, because we want you to remain happy and continue returning to us. It also makes us feel good to offer vehicle policies without the excessive premiums.

Until recently we operated under the radar, so it might surprise you to know that we handle a large portion of New Zealand's vehicle insurance. We've achieved this by delivering a higher level of service...well beyond ticking boxes and putting policies through a pipe. Our personalised approach ensures we serve our customers' best needs.

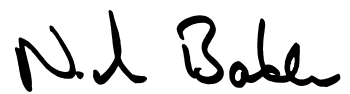

Warm regards,

“

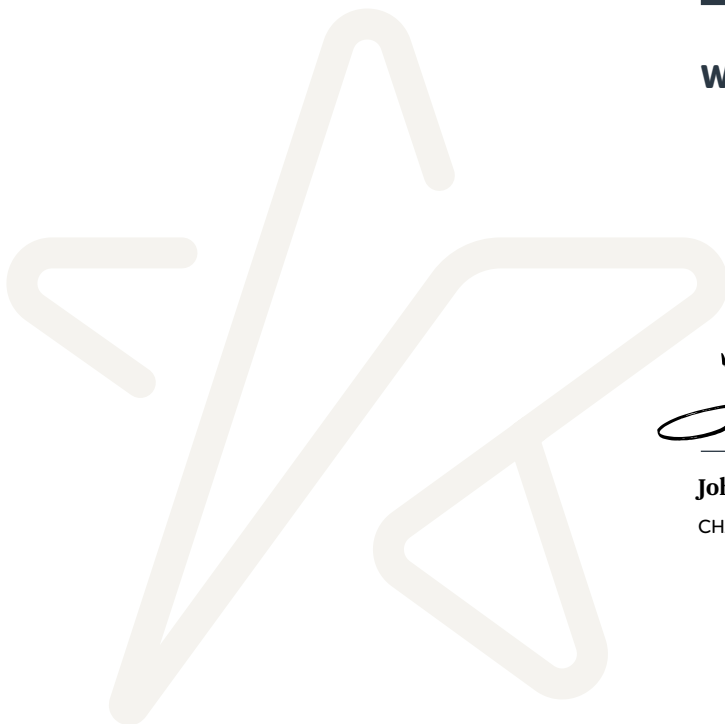

Welcome to the brighter side of insurance.

Nick Baker
CEO

Our customers are central to everything we do.

We are a 100% NZ family owned and operated business, backed by Vero Insurance, who leave the day to day policy creation, management and claims payouts to our in-house teams. Since 2002, we've grown special relationships with our customers by going beyond doing what is required, to doing what it takes to turn customers into friends.

Ultimately, we're judged on our ability to provide the best:

- Cover
- Price
- Support
- Claims.

We consistently do this by being agile and maintaining our in-depth industry knowledge, understanding our customers' specific needs so we can tailor a solution to give them complete confidence in our insurance policies.

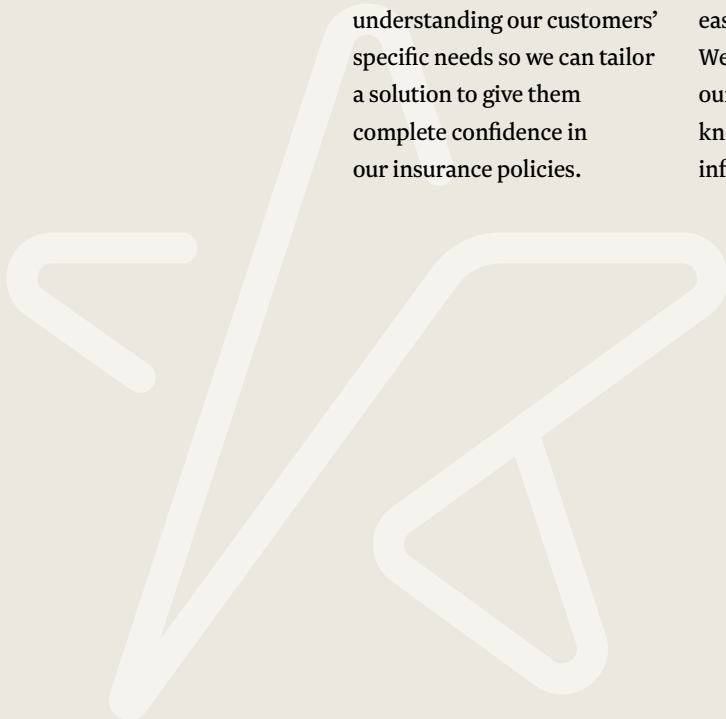

“

Have a chat with us to see how we can deliver you the star treatment.

Some policyholders deal with us direct, but our primary customers are New Zealand insurance brokers, who are members of the Insurance Brokers Association of New Zealand (IBANZ).

Brokers choose to work with us because we're experts at delivering happy results in the niche vehicle insurance space, which makes their lives easier. Everyone likes easy. We're really happy to empower our customers by sharing our knowledge so they can make informed decisions.

Whether you're a broker or policy owner, you'll only ever have to deal with our in-house team, who know your account and make all decisions to do with your policy—from policy premiums through to approving claims. This saves you time, money and stress.

Enjoy a better journey with Star Motorcycles.

The right solutions for our customers.

Star Everyday covers vehicles that don't fit neatly into our Star Prestige and Enthusiast products. The vehicle might once have been a prestige or marque vehicle, but over time it's lost a little of its shine or is widely accessible, with growing numbers on our roads. A good example would be a 7-10 year old european vehicle.

We still personally analyse each policy application, to determine whether it's a good fit for us. By remaining hands-on we're able to offer the right solutions to our customers at the best prices whilst best-protecting all parties involved. If you want the same kind of service that our Star Prestige and Enthusiast customers enjoy, let's chat about what we can do for your everyday vehicle.
