

MIGHWAY BRINGS *the* PEER-TO-PEER WORLD *to* MOTORHOMES

You've probably heard of Bookabach and Airbnb. Mighway is like that, but instead of renting your bach or home to other people, you rent your motorhome, when it's not in use. Mighway has thought of everything to make it easy to earn cash instead of dust.

Over 200 other motorhome owners like you have already signed up to Mighway, and some are earning over \$5,000 per month in the high season!

FIG 01: A perfect circle

WE'D *like to* INTRODUCE YOU *to* MIGHWAY, A NEW CAMPER CARE PARTNER

**MIGHWAY IS PART OF THE WORLD'S LARGEST
MOTORHOME OWNER, TOURISM HOLDINGS
LTD (THL).**

THL operates Maui, Britz and Kea rental businesses, and have over 30 years of motorhome and tourism industries experience. They know that owning an RV is a lot of fun, but it's also a big investment, especially when it's not used full-time. Which got them asking, "Why not give everyday motorhome owners the opportunity to earn money when not using their RV?"

Introducing Mighway, a new peer-to-peer motorhome rental company that allows you to safely and securely rent your motorhome to like-minded travellers to help offset the costs of ownership and enjoy an extra income.

We've been researching and talking to Mighway for several months and as their insurance partner, we trust them; which is why we're presenting this opportunity to you.

RENTING YOUR MOTORHOME THROUGH MIGHWAY *is* EASY

MIGHWAY TAKES CARE OF RENTER INSURANCE, SECURITY CHECKS AND ON ROAD SUPPORT, TO ENSURE YOUR MOTORHOME RETURNS TO YOU THE SAME WAY IT LEFT. HERE'S THE PROCESS IN A NUTSHELL:

1. Your vehicle is listed on Mighway's website for free
2. You tell Mighway when it's available and they promote it for you
3. You can choose to speak to renters before accepting their booking
4. Mighway approves customers before sending them to you
5. Comprehensive insurance and road support is covered in the renter's fee
6. The renter visits you and runs through your rules and checks the vehicle with you. Mighway supplies all the templates you need to manage this process
7. Your vehicle is returned in the same condition it left
8. You get paid.

MIGHWAY *or* *the* HIGHWAY

YOU'RE IN CONTROL. YOU CAN CHOOSE WHEN YOUR MOTORHOME IS AVAILABLE AND WHOM YOU RENT IT TO. THERE'S NO LONG-TERM CONTRACTS OR ANYTHING TO TIE YOU DOWN.

If you're a DIY kind of person, you'll like Mighway Local. If you want to be completely hands off and have Mighway look after everything for you, choose Mighway Managed.

Here are the differences between the two options:

1. MIGHWAY MANAGED

Mighway handles every aspect of the rental process for you. They can even securely store your vehicle for you at one of their convenient locations. With this option you have nothing to do other than let them know when your motorhome is available, then watch the payments roll in.

2. MIGHWAY LOCAL

With this option you're more hands on. Mighway still lists and promotes your motorhome on their website and sends people to you. Then following Mighway's guide, you and the renter complete a checklist together before you send them on their way.

You're COVERED 100% FOR ACCIDENTAL DAMAGE

MIGHWAY HAS YOU COVERED FOR ALL ACCIDENTAL DAMAGE INSIDE AND OUTSIDE YOUR MOTORHOME WHEN IN A RENTER'S CARE.

If you're wondering, "what's accidental damage?", it's something that was unforeseen, like a parked car jumps out at you or a truck flings a rock into your windscreen. You can't possibly have seen those things coming. So for that kind of thing, we'll make sure your claim and repairs are swift.

The renter pays a separate insurance policy

Anyone renting your motorhome is covered by a new policy that's included in their rental fee. We also give them free 24/7 Roadside assistance should they need our help. If they need to make an insurance claim, it doesn't affect you or your existing policy.

100% COVERED

WHAT'S *not* COVERED?

WE KNOW THIS GOES WITHOUT SAYING, BUT FAIR WEAR AND TEAR IS NOT COVERED.

Wear and tear is damage that naturally and inevitably occurs over the lifetime of a product. For example, a 20-year old RV will rarely be in mint condition. The paint could be oxidizing, cutlery worn out, or an engine part about to blow. Things break down over time. These are maintenance issues and normal wear and tear that isn't covered by the renter's insurance policy.

If you're unsure of anything, simply ask Mighway or us.
